Tuluá - Valle del Cauca - Colombia

The I International Congress on Research and Pedagogical Innovation invites you to discuss and reflect on current research trends on foreign language teaching and learning, and new types of collaboration among academics and practitioners from a wide range of educational settings that explore a rich and diverse view on ELT/EFL/ESL policies and practices.

Main speakers:

Julián De Zubiría Samper
Colombia

Paula Salcedo
The United States of America

Fernande Lucette
France

Jermaine Sylvester McDougald
The United States of America

Joshua James Zwisler
Australia

Maite Mariño Thompson
The United States of America

Objective:

Objective: To challenge and encourage creative minds to explore the emerging trends in research and pedagogical innovation in EFL/ESL contexts in order to find meaningful ways of applying them in everyday professional activities.

Index: Authors' papers will be submitted to "Revista Lenguaje" indexed in:
